Welcome to our office! We are very pleased that you have chosen our office for your orthodontic evaluation. Dr. Hughes treats many patients in our community with excellent results. Rest assured that every effort will be made to provide you with the highest quality treatment.

It is our desire to provide your Orthodontic needs both thoroughly and efficiently. During your initial visit Dr. Hughes will determine your need for orthodontic treatment. This will include an examination, reviewing clinical diagnosis, and discussing a treatment plan along with an estimation of our fees. We will be happy to discuss any specific questions or concerns that you may have during your exam. There will be an initial exam fee of \$25.00 charged on the day of the appointment.

Enclosed please find a packet of information about our office including a brochure listing Dr. Hughes education and important information about our office, an appointment card indicating your visit, and a map to facilitate locating our office. In order to provide a more detailed and informative exam, we ask that you complete the enclosed "Smile" Questionnaire and Patient History form. Please bring all paperwork with you to the first visit. Visit our web-site at www.bracesingreenville.com for even more information about our office.

If you have dental insurance that covers orthodontic treatment, it will be helpful for you to bring your cards with you to this appointment. Also, if you have recently had a panoramic x-ray taken at your general dentist office please bring a copy or request them to mail our office a copy. We look forward to meeting you! We would consider it a privilege to be your family's Orthodontist.

Again, we welcome you to our practice and look forward to seeing you for your Orthodontic exam with Dr. Hughes.
